1. Introduction

1.1 About the manual

The manual can help you understand the function and operation methods of DDS player

- The company suggested you that if you store all written records of important information, in some cases, it may cause data loss and change in the electrical storage. Therefore the company is not responsible for the data loss that is caused by improper use, maintenance, defects, expire or any other reason.
- The company is not responsible for the economy loss that is caused by the third party or other function, such as the DIY firmware, the information loss or change.
- The pictures of operation manual may be different from the actual product, this is because of the software version changes.
- If there are changes of the information in the manual, we would not notice you. Please go to the official website of BlueEyes Technology.
- The company would not be responsible for the information downloaded from the website.

1.2 Intellectual Property Rights

According to the Intellectual Property Rights, the copy, changes, or usage of copyrighted pictures and music are only for personal or private use. If the user does not have a wider range of copyright or not explicit consent of the copyright owner and unauthorized copying, change or use the copies of this way to change or make or amendment, then it would be viewed as violating copyright laws. The copyright owner is entitled to claim for loss. For this reason, do not illegally use copyrighted materials.

1.3 About the manual

- Please read the instructions carefully before use, our company is not responsible for the artificial problems caused by incorrect use of the product.
- Read and keep instructions properly. Operate according to instructions in the operation manual.
- The pictures on the manual may be different from the pictures on the monitor. This is because the software version is different.

2. Installation

Step One Download DDS Editor

Download DDS Editor from BlueEyes website(http://dds.blueeyes.com.tw)

Step Two Start to install

Click Next button.

Click Next button.

Click Install button.

😸 DDS Editor - InstallShield Wizard	\times
Ready to Install the Program	
The wizard is ready to begin installation.	
If you want to review or change any of your installation settings, click Back. Click Cancel to exit the wizard.	
Current Settings:	
Setup Type:
